

Lots of light, great location and no mortgage payment. What's not to like?

➤ **You've rented a great place.** We'll make sure you don't rent trouble. Many people who rent a home or apartment think that insurance is their landlord's problem. Not so. Chances are, you have thousands of dollars worth of belongings that won't be covered in the event of fire, theft or water damage. That's where Safeco Insurance comes in.

TOP 3 REASONS TO BUY SAFECO®

1

Combined with another policy, it could pay for itself.

For just a few dollars a month, you can protect things like your computer, television and silverware. And, if you have another policy with Safeco, like auto insurance, you could receive a discount large enough to **cover the entire cost of your renters policy.**

2

Protection beyond your dwelling.

Safeco Renters Insurance protects more than just your belongings:

- Any property inside your car is most likely covered in the event of theft
- Liability coverage is included, so you may be protected from a lawsuit if, for example, a guest injures someone in an accident after being served drinks in your home

3

We take out the guesswork.

Determining your exact level of coverage can be challenging. That's why your Safeco Agent is here—to make sure you have **all the coverage you need**, and none of the coverage you don't.
